PANEL DESCRIPTIONS

THE NIH COMMUNITY COLLEGE SUMMER ENRICHMENT PROGRAM EXPERIENCE

In 2010, the Office of Intramural Training & Education launched the NIH Community College Summer Enrichment Program. Community college students had the opportunity to work with leading NIH scientists and participate in workshops that focused on developing skills that are essential to success in science. Hear about the research experiences of the 2012 participants and learn how you can prepare for a CCSEP experience in summer 2013!

BENCH-TO-BEDSIDE RESEARCH AT THE NIH

Have you considered a career that combines basic and clinical research? Bench-to-bedside research translates basic science discoveries into therapies for disease and pathological conditions. Hear from basic scientists and clinical investigators at the NIH who have combined their expertise in medicine and research to develop treatments for infectious diseases and cancer.

Elaine Novakovich, RN
Clinical Research Nurse
NIH Clinical Center
enovakovich@mail.cc.nih.gov

David Soto Pantoja, PhD
Post-Doctoral Fellow
National Cancer Institute
sotopantojad@mail.nih.gov

John Reich, PhD
Post-Doctoral Fellow
National Institute of Child Health &
Human Development
reichjc@mail.nih.gov

Andrea Rivera Rodriguez, BS
Postbaccalaureate fellow
National Cancer Institute
riveraav@mail.nih.gov

NON-RESEARCH BIOMEDICAL CAREERS

Are you interested in biomedical careers outside of traditional laboratory research? Individuals from various science backgrounds will discuss their career paths and experiences in science policy, education/outreach, communication, and global health.

Lisa Gough, PhD
Health Science Policy Analyst
Office of the Director
goughll@mail.nih.gov

Woleola Akinso
Audiovisual Production Specialist
NIH Radio
Office of the Director
akinsow@mail.nih.gov

Debbie Knorr
Program Manager
Office of Science Education
knorrd@mail.nih.gov

James Herrington, MPH, PhD
Director, Division of International
Relations
Fogarty International Center
herringtonj@mail.nih.gov

CAREERS IN NURSING

This panel brings together nurses who use their training in very different ways. They will discuss their educational/career experiences and their responsibilities at the NIH.

Elizabeth Joyal, BSN
Nurse Specialist, Research
National Institute of Arthritis and
Musculoskeletal Diseases
ejoyal@mail.nih.gov

April Brundidge, BSN, RN
Nurse Specialist, Research
National Institute of Arthritis and
Musculoskeletal Diseases
brundidgea@mail.nih.gov

Patrycja Hoffmann, NP
Nurse Practitioner
National Human Genome Research
Institute
patrycja.hoffmann@nih.gov

Debra Nixon-Jones, RN
Clinical Research Nurse
NIH Clinical Center
dn130n@nih.gov

CAREERS IN BIOTECHNOLOGY

Are you pursuing a degree or certificate in Biotechnology? Would you like to explore your career options? This panel will focus on biotechnology career/training opportunities at the NIH and in industry.

Mark Nardone
Director
Biotechnology Training Courses at the
NIH Foundation for the
Advancement
of Education in the Sciences
nardonem@mail.nih.gov

Christine Stracener
Research Associate II
Med Immune
stracenerC@medimmune.com

ALLIED HEALTH CAREERS

This panel brings together professionals from different allied health career paths. Please come and hear about their educational and career experiences in physical therapy, phlebotomy, and laboratory medicine and health/information management.

Michaele R. Smith, PT M Ed
Chief, Physical Therapy
CAPT, U.S. Public Health Service
National Institutes of Health
msmith@mail.cc.nih.gov

Gina Mattia BSMT C (ASCP)
Quality Management Coordinator
Department of Lab Medicine
NIH Clinical Center
mattiag@mail.nih.gov

Louis Corbin, MT (ASCP)
Chief Medical Technologist
Phlebotomy and Accessioning
Services
Department of Lab Medicine
NIH Clinical Center
corbinlr@cc.nih.gov

Christina Donahue-Taylor
Supervisor, Medical Record Coder
Coding and Abstract Section
NIH Clinical Center
donahuetaylorc@mail.nih.gov

PROFESSIONAL HEALTH CAREERS

Are you considering going to medical or professional school? If so, please come hear these panelists discuss their experiences in medicine, dentistry, pharmacy and veterinary medicine.

Nicole J. Gormley, MD
Deputy Clinical Director
National Heart, Lung and Blood
Institute
gormleynj@mail.nih.gov

Carol Bassim, DMD, MS
NIH Clinical Center
National Institute of Dental and
Craniofacial Research
bassimc@mail.nih.gov

Robert DeChristoforo, MS, FASHP
Chief, Clinical Center Pharmacy
Department
NIH Clinical Center
rdechristo@mail.cc.nih.gov

Garry Linton, Jr., DVM, DACLAM
Facility Veterinarian
Division of Veterinary Resources
Office of the Director
Cl466@nih.gov

FACULTY BREAKOUT SESSION #1: OPPORTUNITIES FOR FACULTY AND EDUCATIONAL RESOURCES

This session will focus on educational resources at the NIH and the Howard Hughes Medical Institute. Drs. Clements and Bonetta will discuss online resources such as academic videos, virtual laboratories and other technology that will be useful in the classroom. Dr. Carla Easter from the National Human Genome Research Institute will share information on the NHGRI Summer Genetics Institute's Short Course.

Eriko Clements, PhD
Science Education Fellow
Howard Hughes Medical Institute
clementse@hhmi.org

Laura Bonetta, PhD
Program Officer
Howard Hughes Medical Institute
bonettal@hhmi.org

Carla Easter, PhD
Deputy Chief, Education & Community
Involvement Branch
National Human Genome Research
Institute
easterc@mail.nih.gov

AFTERNOON SESSIONS

Science Seminar – The Mosquito Immune System & Malaria Transmission

Carolina Barillas-Mury, PhD
Head, Mosquito Immunity and Vector Competence Section
National Institute of Allergy and Infectious Diseases
cbarillas@niaid.nih.gov

CONCURRENT SKILLS BLITZ SESSIONS

These twenty minute sessions are designed to give you an overview of the skills required to mount a successful job search. These will be fast-paced and a fun-filled way to end the day. Sessions will be strictly limited to twenty minutes with five minute breaks between sessions.

Networking/Informational Interviews

You have met some terrific people today. Find out how to build, expand, and maintain your network.

Transitioning to a 4-year School

What strategies will help you cope with the transition to a four-year college/university? The speaker will discuss challenges that you may experience adjusting.

Time Management

Given the demands of school, work and family, how can you most effectively manage your time?

Creating a Resume

The top ten things to consider when creating this important job search document.

Self-Advocacy

In order to put your best foot forward, you need to be able to assess your strengths and weaknesses and learn how to advocate for yourself.

Interviewing Skills

Learn how to successfully navigate the interview process.

Find the Career for You

Your dream job does exist! If you are still pondering what is next, come to this session for tips on how to find it.

Managing Stress

Balancing school, work, family and personal life can be stressful. This session will focus on tips for coping and even thriving.

FACULTY BREAKOUT SESSION #2: NIH BRIDGES PROGRAM

Dr. Michelle Hamlet will talk about opportunities in the Bridges to the Baccalaureate Program, which is aimed at helping students make the transition from 2-year junior or community colleges to full 4-year baccalaureate programs.

Michelle Hamlet, PhD

Program Director, Division of Training Workforce Development & Diversity Division of Genetics and Developmental Biology
National Institute of General Medical Sciences
hamletm@mail.nih.gov

CLOSING SESSION

Applying to Summer Internship Programs

Dr. Sharon Milgram will discuss tips and strategies for finding and applying to summer internship programs. She will focus on the NIH Community College Summer Enrichment Program will be discussed, along with other NIH and non-NIH programs. Please note that to be eligible for NIH summer programs, you must be a US Citizen or permanent resident.

SAVE THE DATE

Community College Summer Enrichment Program (CCSEP)

Applications open mid-November 2012; deadline January 15, 2013
www.training.nih.gov

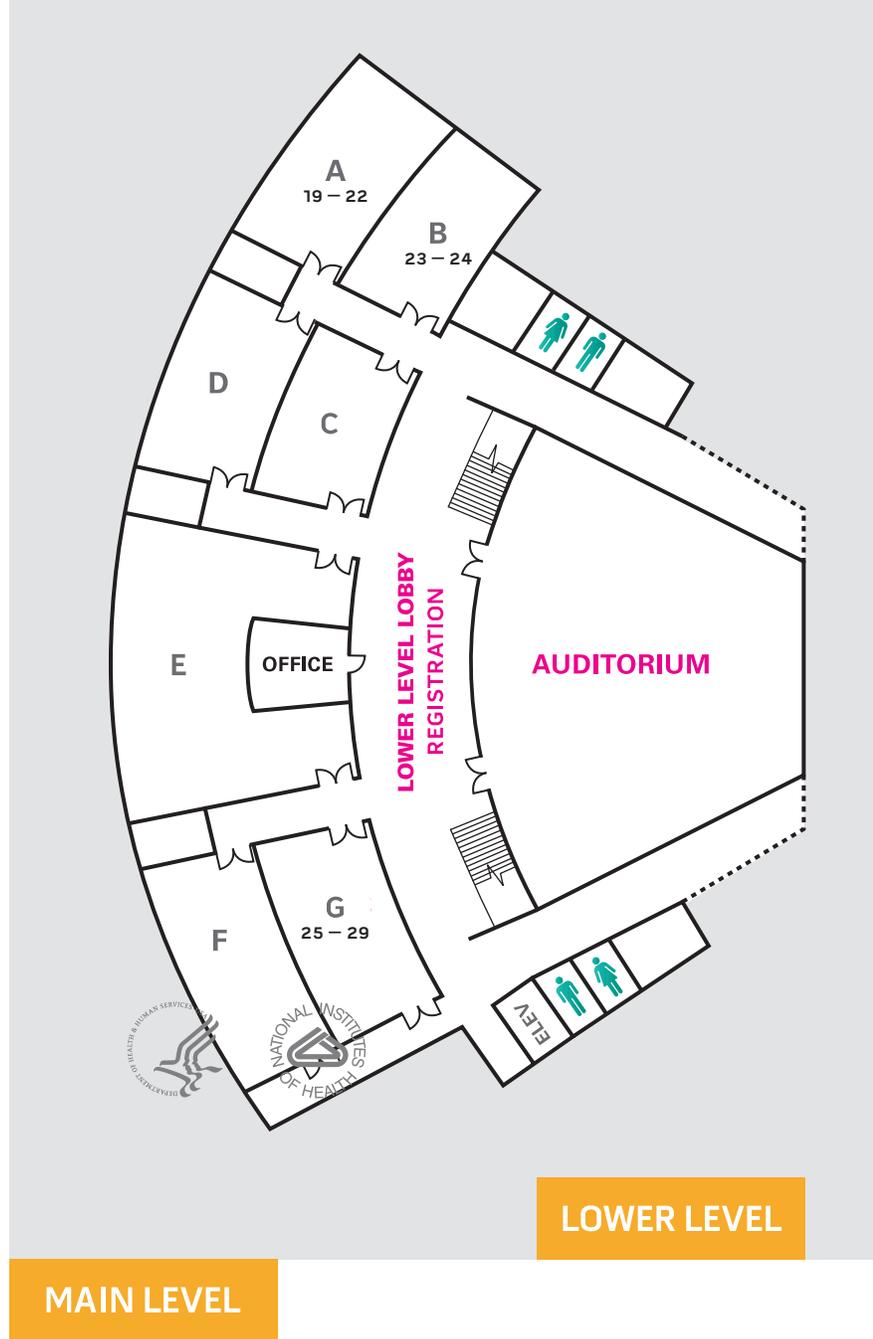

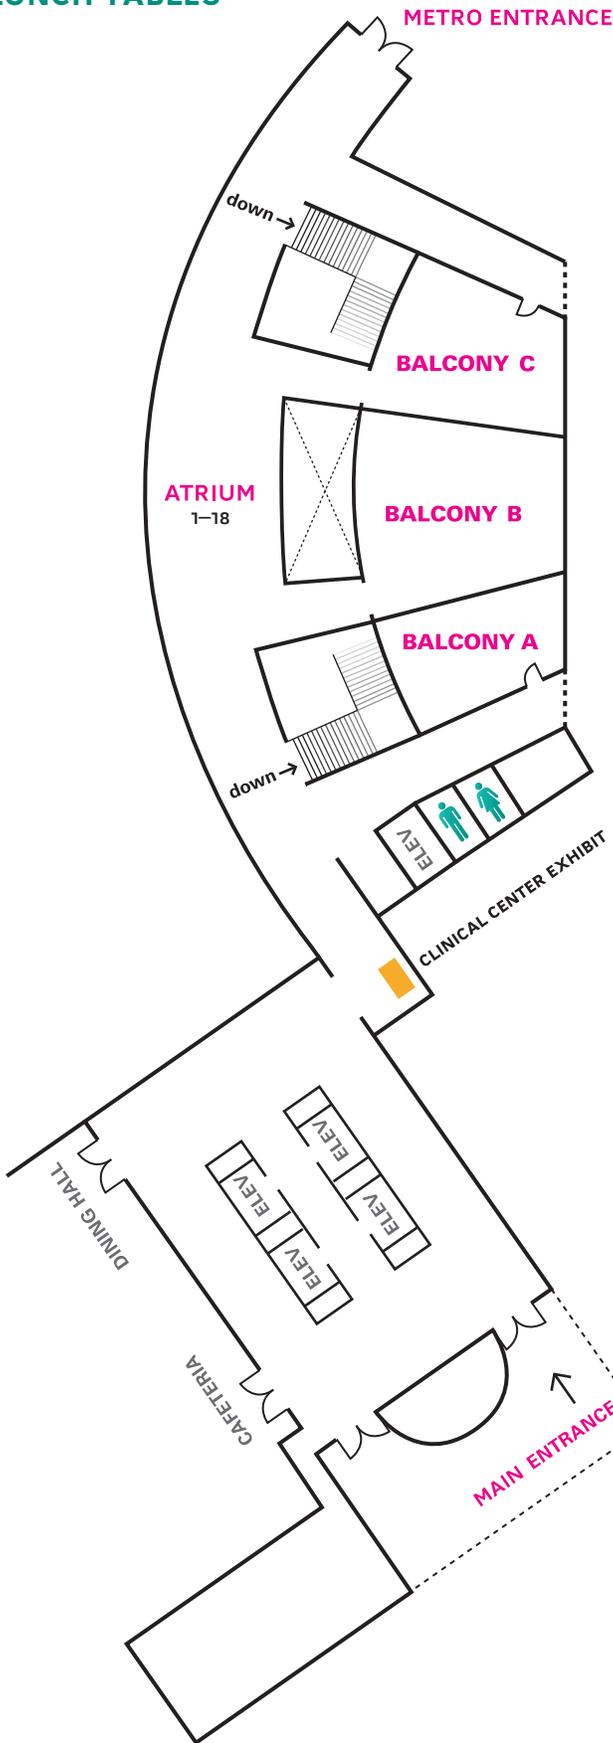

2013 Community College Day

October 25, 2013

NOTES

**2012 NIH COMMUNITY COLLEGE DAY:
SESSION LOCATIONS AND NETWORKING
LUNCH TABLES**

Presentations will be held in the Ruth L. Kirschstein Auditorium, Atrium, Natcher Rooms D, E, and F, Balconies A and C, and in Lister Hill Auditorium (located in NIH Building 38A, across the street from Natcher Conference Center).

This event was organized by a trans-NIH committee and the Office of Intramural Training & Education. Special thanks to the NIH Clinical Center, Office of Clinical Research Training and Medical Education: Robert Lembo, MD, FAAP, Terra Moody, PhD, Walter Jones, MS, and Juan J.L. Lertora, MD for their contribution to this program.
