NATIONAL INSTITUTES OF HEALTH

OCTOBER 11, 2011

8 A.M. — 4 P.M.

TAKE A LOOK AT THE NIH

The National Institutes of Health (NIH) carries out and funds biomedical research in an effort to prevent and cure common and rare diseases. We also train the next generation of doctors, researchers, and medical support staff who will improve human health in the future both across the country and around the world.

Community College Day at the National Institutes of Health will provide community college students and faculty an opportunity to visit the NIH campus and to learn about careers and training opportunities in biomedical and health care fields.

For more information and registration (no charge), please visit [HTTPS://WWW.TRAINING.NIH.GOV/COMMUNITYCOLLEGEDAY](https://www.training.nih.gov/communitycollegeday).

For any further questions please e-mail Erika Barr at Erika.barr@nih.gov.
